

SAN DIEGO ASSOCIATION OF GEOLOGISTS

MEETING NOTICE

1985 Executive Committee

July 23, 1985 (Tuesday)

Chairperson
Andrei Farcas
Geocon, Inc.
9530 Dowdy Drive
San Diego, California 92116
(619) 695-2880

Vice-Chairperson
Tom Kuper
Geocon, Inc.
9530 Dowdy Drive
San Diego, California 92116
(619) 695-2880

Secretary
John Franklin
Leighton and Associates, Inc.
4393 Viewridge, Suite D
San Diego, California 92123
(619) 292-8030

Treasurer
Jim Glaze
American Earth Technologies
1408 Stratford Court
Del Mar, California 92014
(619) 755-5515

"Engineering Geology as a Career, Geologic Investigations, Engineers I have Known, and Other Unrelated Topics"

Speaker: Ernest R. Artim, Chief Engineering Geologist, Leighton and Associates, Inc. - San Diego Office

Ernie's experience includes over 17 years of practice in Washington, Oregon, and southern California. Projects he has worked on have included engineering geologic and geophysical investigations for diverse projects such as power plants, dams, airports, and large tracts of land. He has directed investigations of several regional seismicity studies, which emphasize detecting and evaluating faults including slip-rates and reoccurrence intervals. He will share some of this experience with us (including local fishing areas). Ernie has published a number of papers (too many to mention) and is a registered geologist and certified engineering geologist in Oregon and California.

Time: 6:00 - Social
7:00 - Dinner
8:00 - Speaker

Place: China Camp
2137 Pacific Highway
San Diego, California

Menu: Choice of 1) Kung Pao Chicken, 2) Mongolian Beef, 3) Sweet and Sour Pork, and 4) Shrimp in Lobster Sauce

Cost: \$12.50

Reservations: By noon Monday, July 22 at 292-8030
"A reservation made is a reservation paid."

WORD FOR THE DAY: Cactolith

A quasi-horizontal chonolith composed of anastomosing ductoliths, whose distal ends curl like a harpolith, thin like a sphenolith, or bulge discordantly like an akmolith or ethmolith.
