SDAG & SCGS FIELD TRIP & PUBLICATION *Geology of the Elsinore Fault Zone, San Diego Region*

2 Field Trips - 1 Publication

Two field trips, one publication! The publication will be dedicated to Daryl Streiff, a renowned local Engineering Geologist. The annual SDAG field trip will be held October 25th and 26th. The annual SCGS field trip will be held November 7-9th. The theme of each trip is *Hot Springs & Tourmalines of Eastern San Diego County*. Carpooling is necessary. The SCGS trip will have an optional Friday night camp location at a beautiful forest service camp near the Cryo-Genie mine near Stop (1). Each trip will start at the Warner Springs Airport early Saturday morning for Julian Pie and a look at some recent hauls from local Pegmatite mines. We will carpool from this location to the Cryo-Genie Mine to tour this small very active tourmaline mine. As we head south we will stop for an overview of Henshaw Dam, and follow along great exposures of the Elsinore Fault. Lunch will be at Menghini Winery in Julian. After lunch we will head down Banner Grade, head off road (high clearance vehicles required) to the Ranchita Mine, then a couple more stops at the Elsinore Fault. The day will end at the group camp site in Agua Caliente Park. Here you will be able to swim in the hot springs, hike the local trails, and enjoy a nice dinner with local beer and wine (note -no hard alcohol allowed in the park, a blessing in disguise based on past performance). After breakfast Sunday morning we will head farther south through the Coyote Mts to see more of the Elsinore Fault, then to the Pac Rat Mine for tourmalines and lunch. The trip will end near I-8 east of San Diego. Please pick which trip you plan to attend. Register early - field trip attendance is limited due to mine access. Includes Sat./Sun breakfast & lunch, Sat. night dinner, and liquids. Field Trip details will be emailed to participants, so please list your preferred email address.

Check Trip Box.....cut here and mail info with money.....

- SDAG October 25th and 26th; Saturday & Sunday = \$95.00**
Registration required by October 10th (Limited to 60)
- SCGS November 7-9th; Friday night camp, Sat. & Sun = \$95.00**
