December Newsletter *Anniversary!*

## *President's Corner*

Hello SDAG Members!

Many thanks to everybody that attended last month's meeting! A very special thank you to Dr. Ruija Wang for her insightful presentation. She deserves extra praise for accommodating us on short notice during a career move across the globe. Good luck, Ruija! For the meeting this month we are back in person. I can't believe I just typed that! And, you just read it! Hah! Very much looking forward to seeing everyone in person.

We are back at the Nat this month, for the restarting of our annual December meeting featuring the one and only Tom Demere. Very much looking forward to his talk and an inside look at what the museum has been working on. Please join us!

A special Happy Birthday to the San Diego Association of Geologists! We are 50 this year! Just another reason to join us this month. Please, register early!

Cheers,  
Luke Weidman
